RE: EUPMS, LLC- Power Optimization Solution

To Whom It May Concern:

This letter of recommendation is issued in recognition of exceeding our expectation of Power management solutions. Shuford Yarns installed EUPMS system in May of 2014. Since then Shuford Yarns has saved close to \$300,000. Edmundo Duarte President & CEO is great to work with and his projected savings were dead on. ROI was less than a year.

We highly recommend this system to manage power, EUPMS is great company to with and provide great after sales service.

Sincerely,

Khalid Majeed
