RE: EUPMS, LLC – Power management solution

To Whom It May Concern:

This letter is in regards to the power management solution from EUPMS, LLC.

EUPMS installed a power optimization system in our plant in March 2012. To date, their solution has delivered approximately \$30,000 in electricity savings.

We are grateful to Edmundo Duarte for his time and expertise in making this a successful project. I am pleased to recommend the EUPMS power management solution.

Sincerely,

A handwritten signature in black ink, appearing to read 'Russell W. Mims', is written over a horizontal dotted line.
